Clinical Massage (50 hours)

The Program at a Glance

Are you seeking a meaningful change in your life or just additional income? A part time or full time career as a Massage Therapist may be just what you're looking for.

Our comprehensive training makes it possible for you to begin a career in massage with many choices. Do you want to work on a cruise ship, a hotel, a resort, or a spa? Or a chiropractic office, a rehabilitation clinic, a doctor's office, or a hospital? Or do you want the flexibility of setting your own work hours in your own business?

A career as a massage therapist can help you achieve both personal success and personal satisfaction. Because people nationwide will depend on the skills of massage therapists to provide a vital part of their healthcare, your talents will be in demand. In addition to the opportunity for financial rewards, is the satisfaction you'll derive from knowing you're helping your clients enhance their lives.

Course Outcomes

Thoroughly prepared and confident in your education, as a graduate of LCCC, you will be ready to create the career you can imagine.

Graduates of our 650 hour program will be awarded a Certificate of Achievement, plus 65.0 Continuing Education Units (CEUs). All graduates are eligible to take the **NCBTMB National Certification Exam to be a Certified Massage Therapist (CMT)**.
